ENTER - WITNESS - DESTROY

Enter the exotic South Pacific where some of the most beautiful islands in the world have been invaded by DAMED (Destructive Armed Militant Enemy Devotee). This enemy is perhaps the most vicious terrorist organization on earth. Their reign of terror and acts of vengeance has gone on for over five years, it must come to an end NOW!

You alone or you and a buddy will pilot an experimental Thrasher Hawk-7. Fly in low on a secret mission of destruction. With unlimited fire power and power-ups you will be fully equipped for the offensive attack.

You must rid each of the nine islands of the enemy fortress. Use stealth, cunning, and strategy, because you cannot fail...

Good Luck Sir.

PREPARING FOR BATTLE

1. Make sure the power switch on your control desk is OFF.
2. Insert **DOUBLE STRIKE** game cartridge.
3. Turn the power switch ON. You're in command.

Initiate Action

Press the START button to activate one of your five available fightercraft.

YOU'RE IN CONTROL

DIRECTION PAD: Controls the up and down, back and forth movements of your aircraft.

START: Can be used to begin a new game as well as pause a game in progress.

BUTTON A: Fires your Wing Cannons. The Wing Cannons fire power is unlimited, and will change based on the POWER-UP that you pick.

SELECT: Allows you to select ONE or TWO players.

BUTTON B: Will drop bombs on enemies below you.

Compliance with FCC Regulations.

This equipment has been tested and found to comply with the requirements for a Class B computing device in order to reduce the risk of radio frequency interference. It has been type tested and found to comply with the limits for a Class B computing device in order to comply with the specifications in Subpart J of Part 15 of FCC rules, which are designed to provide a reasonable protection against such interference in residential installations. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient the receiving antenna.
 - Relocate the NES with respect to the receiver.
 - Move the NES away from the receiver.
 - Plug the NES into different outlets so that computer and receiver are on different circuits.
- If necessary, the user should consult the dealer or an experienced radio or television technician for additional suggestions. The user may find the following booklet prepared by the Federal Communications Commission useful:

How to Identify and Resolve Radio-TV Interference Problems.
